CONTENTS.

VOL. XX.

Page.

Abbott, Gen., on the Mississippi. 1
Action of loads on trusses..... 161
Æsthetics of engineering..... 479
Age of steel..... 269
Agricultural improvement in France..... 51
Air of large towns..... 488
Alkaline manganates for light woods..... 184
American ironmongery 175
American iron trade in 1878 215
American Society of Civil Engineers.....89, 268, 443 518
Applications in the flow of solids 15
Arches, theory of.....52, 97, 201
Architectural students..... 85
Art and engineering..... 484
Artillery tests..... 181
Austrian guns..... 355
Avonmouth Dock..... 179

Beira Alta Railway..... 178
Belgian railroads..... 305
Blue process of copying tracings. 472

Book Notices:
Barr, Wm. M. Treatise on the Combustion of Coal... 523
Blyth, A., F.C.S. Manual of Practical Chemistry..... 357
Book of Architectural Designs 450
Bourne, John, C.E. Steam, Air and Gas Engines..... 272
Boyd, R. Nelson, F. R. G. S. Coal Mines Inspection..... 523
Cain, Wm , C.E. Theory of Voussoir Arches..... 271
Comolli, L., Ant. Ingenieur. Les Ponts de l'Amerique du Nord..... 450
Du Bois, A. Jay, C.E., Ph.D. Graphical Statics, &c....96, 271
Eddy, H. T., C. E., Ph. D. Graphical Statics..... 93
Experiments on Repeating Rifles..... 450
Fry, Jas. B., Maj.Gen. U.S.A. Army Sacrifices..... 358
Goodeve, T. M., M.A. Text-Book on Steam 96, 271
Hill, J. W., M.E. Manual for Engineers & Steam Users. 183
Hitchcock, C. H. Geology of New Hampshire..... 188
Hunt, Robert, F.R.S. Ure's Dictionary of Arts, &c., Vol. IV..... 94
Kent, Wm., M. E. The Strength of Materials..... 271

Page.

Magnus, Phillip. Hydraulics and Pneumatics..... 93
McElroy, S., C.E. The Hempstead Storage Reservoir of Brooklyn..... 93
Nichols, W. R. Filtration of Potable Water..... 450
Noad, Henry M., F.R.S. Student's Text Book of Electricity..... 523
Rutley, Frank, F.G.S. Study of Rocks..... 450
Schwendler, Louis. Instruction for Testing Telegraph Lines. Vol. I 183, 357
Sebasteur, H. Les Metaux A l'Exposition Universelle, de 1878..... 523
Shoolbred, J. N., M.I.C.E. Electric Lighting..... 523
Simmonds, P. L. Commercial Products of the Sea... 188
Trowbridge, W. P. Turbine Wheels 357
Wheeler, C. Gilbert. Outlines of Modern Organic Chemistry 93
Wilson, A., Ph.D. Leisure-Time Studies..... 183
Wilson, Charles. Model Yacht Building and Sailing 522
Zahner, Robt., M.E. Transmission of Power by Compressed Air.....183, 523

Boston Society of Civil Engineers 377
Erratum 517
Bridge pier, settlement of..... 443
British Institution of Civil Engineers 352
British Navy..... 182
Burr on turbine wheels..244, 272, 346, 372 460

Canal questions..... 450
Center line of the St. Gothard tunnel 309, 554
Center of gravity formula..... 467
Chilled wheels..... 92
China; visit to a mining district. 424
Cleveland steel..... 33
Construction of sewers..... 390
Control of rivers..... 495
Conveyor spirals, construction of 165
Cooling of steel during hardening 90
Corrosion of iron..... 438

Danish Fjord Bridge..... 69
Darien Canal..... 180
Design of sewers..... 390

Page.

Determination of the purity of water..... 172
Discharge of sewage into the sea. 155
Dock walls, stability of..... 306
Draining and improvement of desert land..... 502
Edinburgh and Leith Engineers' Society..... 89
Electricity..... 334
Electricity vs. Gas..... 310
Electric lighting.....70, 298
Electro-magnetism for testing iron 405
Electro-magnets..... 84
Engineering, Æsthetics of..... 479
Elephants for African travel..... 184
Engineering, ancient..... 445
Engineering and art..... 484
Engineering geology..... 473
Engineering students..... 85
Engineers' club of Philadelphia 177, 268, 351, 444
Engines, gas..... 148
English Channel tunnel..... 92
Fall of a railway bridge..... 447
Fire-damp..... 404
Floating coal dust in mines..... 360
Floating derrick..... 270
Flow of solids..... 15
Fluid motion, theory of..113, 185, 273, 429 506
Formula for center of gravity.... 467
Formula, prismoidal..... 410
Foundations, pneumatic..... 119
French patent fuel..... 312
Frictional resistances of pneumatic foundations..... 119

Gas apparatus..... 156
Gaseous state of matter..... 303
Gas engines..... 148
Gas illumination..... 318
Gas vs. Electricity..... 310
Geology, engineering..... 473
German Navy..... 517
Germany, sewage and irrigation in..... 262
Gilding on glass..... 272
Grand Canal of China..... 92
Gun experiments..... 127

History of electric lighting..... 298
Hungarian Tunnel..... 270

Illumination by gas..... 318
Improvement in railroad tracks.. 179
Improvement of desert land..... 502
Inefficient continuous brakes.... 520
Injurious effects of the air of large towns..... 488

	Page.
Institution of Civil Engineers	59
Iron and steel, classification of	446
Ironmongery, American	175
Iron; prevention of corrosion	438
Iron, testing	405
Iron trade, American	215
Irrigation in Illinois	25
Irrigation works in Germany	262
Jetties of the Mississippi	187
Krupp's great steel gun	522
Land improvement	502
Land reclaimed in Switzerland	35
Land surveys, new rule for	289
Light from coal gas	171
Lighting, electric	70, 298
Liverpool Engineering Society	268, 352 519
Loads on trusses	161
Locomotives, with cog-wheel drivers	448
Logarithms, mental	26, 127
Machinery employed for water supply	128
Magnetic meridian	184
Magnetization of electro-magnets	84
Management of rivers	495
Manchester Scientific and Mechanical Society	268
Manufacture of steel ingots	519
Marine engine economy	184
Materials, strength of	39, 129
Mathematical theory of fluid motion	113, 185, 273, 429 506
Matters affecting the use of steel	122
Matter, ultra-gaseous state of	303
Mean Depth of the Sea	524
Mental logarithms	26, 127
Metallurgy, new process in	387
Method of river training	336
Metric system	377
Erratum	517
Mining district in China	424
Mississippi as a silt bearer	218
Erratum	351
Mississippi jetties	187
Mississippi, physics of	1
Motion, fluid	113, 185, 273, 429, 506
North Eastern Railway Co	249
Northern Architectural Society	177
Ornamenting steel surface	352
Organic purity of water	172
Paper and steel wheels	352
Paper dome for an observatory	448
Paris Exhibition, gas engines at	148
Patent Office	14
Patents and trade marks	21
Physics of the Mississippi	1
Pneumatic foundations	119
Power, transmission of	334
Potable water, purity of	172
Practical theory of voussoir arches	52, 97, 201
Premium essays	89
Present and future sanitary science	6
Prevention of corrosion	438
Prismoidal formula	410
Process in metallurgy, new	387
Programme of students	85
Protection of iron from oxidation	178
Public works of the U. S.	394
Purifying sewage by precipitation	234
Railway between Alyth and Braemar	147
Railways, Brazilian	444
Railway gradient posts	352
Railways in China	353
Railways in Japan	270
Railways in the U. S.	447
Railways of the world	178
Railways vs. old coaches	353
Railway ticket counter	447
Railway to India	520
Regulation of rivers	36
Repeating-rifles for France	449
Resistances of foundations	119
Resistance to ships	92
Retaining walls	313
River conservation	192
River control and management	495
River steamers	286
River training	336
Road in Guatemala	447
Rockets for the Afghan war	355
Royal Polytechnic Society	110
Rule for land surveys	289
Russian steamer, New	522
Sanitary engineering	488
Sanitary science	168
Sanitary science in the United States	6
Sanitary warnings from high places	513
Sanitation of workshops	157
Schwedler's truss	200
Scientific and Mechanical Society	177
Sewage and irrigation in Germany	262
Sewage, discharge of	155
Sewage, purification of	234
Sewers, construction of	390
Sewer ventilation	111
Ship for assisting the Vega	271
Silt of the Mississippi	218
Erratum	351
Slag, utilization of	177
Society of Engineers	519
Solids, flow of	15
Spirals, construction of	165
Stability of dock walls	306
St. Bernard avalanches	235
Steamer Gallia	522
Steamers, unsinkable	286
Steel armor plates	270
Steel, Cleveland	33
Steel making	269
Steel rails, wear of	91
Steel, use of	122
St. Gothard Tunnel	309, 354 521
Strength of materials	39, 129
Submarine telephoning	369
Suez Canal currents	409
Sun-spots and commercial crises	272
Supply, water	128
Surveys, new rule for	289
Swiss railways	179
Telephoning, submarine	369
Testing iron by electro-magnetism	405
Thermodynamics	236, 337, 351 451
Thunderer disaster	355
Tire fastenings	360
Trade marks	21
Training rivers	336
Transmission of power	334
Transportation of rocks	360
Treatment of iron	438
Trowbridge on turbine wheels	244, 272, 346, 372 460
Trusses, loads of	161
Tubular Piles	521
Tunnel, St. Gothard	309, 354 521
Turbine wheels	244, 272, 346, 372 460
Ultra-gaseous state of matter	303
Unsinkable river steamers	286
Use of steel	122
Utilization of slag	177
Ventilation of sewers	111
Voussoir arches	52, 97, 201
Walls, dock	306
Walls, retaining	313
War Rockets	524
Warnings, Sanitary	513
Water, pressure machinery	128
Water, purity of	172
Workshops, sanitation of	157
Works, public	394
Wrought iron	38
